for everybody who needs to read out their texts with an elegant design and a simple workflow. The biggest news this month that is worth mentioning is the release of the All-New, All-Updated Glasswire 6 for Windows. The application is a fascinating new piece of software that takes advantage of the newly-released Windows 10 release to do exactly what it does: it lets you instantly grab and stream any kind of content from any website or file you like. We made sure the app was 100% compatible with the new operating system, which, among other things, makes it easy to get in touch with your friends, family and other contacts through the Mail icon in the Start Menu. The new Glasswire 6 for Windows also comes with some new features that should make it even easier for you to get your hands on the content you need, right now. Here's what's new in this brand-new update: · Easier downloading and management · Completely redesigned user interface · 12 Times Faster downloading · 3X Faster viewing and editing of large files · 3X More memory usage and less CPU usage · Built-in Mac and Linux support · Access to a whole new list of websites and files · Intelligent mode for videos, music and audio files · Customizable actions · Backup and restore function · UWP app support · And many other new features... Full of useful content, now you can easily access and grab any kind of online content to either view, edit or share with your friends, family and fellow users. While the app is still in beta and you should expect more new stuff to arrive in the coming weeks, the current version is already doing more than just managing the kind of online content you have already using the older versions of Glasswire. a69d392a70

## Speaker Download

Speaker is an extremely easy-to-use and efficient program which lets you convert any text into a voice that you can listen to. From simple documents or entire books, the program can read them aloud in full-speech mode. Furthermore, Speaker can even read texts out loud in English, French, Dutch and other languages. Speaker Pros: Reads in English, French, Dutch and other languages. Straightforward interface. Easily works in the background or the foreground. Speaker Cons: Limited features. Unable to open files directly from other applications. NESTE Dominique. The simplest, most organized way to organize your files in a file management app, without the distracting buttons and features you don't need. The list of files is only a quick glance away. You can create folders and add files to them. And when files are added to a folder, they are added to the list. Perfect for managing your files. NESTE Dominique is the simplest, most organized way to organize your files in a file management app. And if you have tons of files, you can also build a directory tree from there. So when you want to find something, you only need to go to your desktop. That's it! No more clicking through folders or scrolling through long lists. NESTE Dominique also lets you organize folders by their type, so you can have fast access to all of your files. To change the organization of your files, you simply drag folders and files between their current positions. NESTE Dominique also has a column view, so you can see a list of files that are grouped by their kind. More than just a file manager, NESTE Dominique is a great file viewer that lets you quickly browse your files and folders. Just like a webpage, you can even save a link to your files and folders. That way you can always get back to your files and they are always available in an accessible location. NESTE Dominique is the simplest, most organized way to organize your files in a file management app. And if you have tons of files, you can also build a directory tree from there. NESTE Dominique consists of two components. A desktop application, and an online web app. The desktop application is only available on Windows, while the online web app is accessible for computers of all OS types. Simply download the desktop application, upload your

## What's New In Speaker?

Speaker is a simple and intuitive text-to-speech tool for Windows that lets you read out any text you paste in its main window. Just paste your text into the dedicated text-box and start the reading with one click. The app features a clean and clutter-free

---

interface, quick text selection and full-text support. It also comes with a wide variety of premium voices, besides the free ones. All of them can be easily adjusted to suit your preferences. Two new movies from the "Star Wars" saga are hitting the movie theaters today. The more expensive of the two, "Rogue One: A Star Wars Story," got a premiere in Denver as well, in the same theater in which the first "Star Wars" hit the big screen, nearly 50 years ago. "Rogue One," with Felicity Jones, Mads Mikkelsen, Alan Tudyk, Forest Whitaker and Riz Ahmed, is currently playing in Denver's Parkway Plaza Theater. The film hit movie theaters in England, the Netherlands and Ireland earlier this month. The free movie, "The Last Jedi," with the new cast — Daisy Ridley, John Boyega and Oscar Isaac — is playing this week in more than 700 theaters in the United States. The movie is based on a story by "Star Wars" legends Lawrence and Jonathan Kasdan, who wrote the entire trilogy of prequel movies. "The Last Jedi," directed by Rian Johnson, also stars Mark Hamill, Luke Skywalker's father, as well as Carrie Fisher. Sensors-and-devices specialist M2 Sonder: hosting the iGEM team The American School of Brussels and the Belgium American Partnership Program (Belgium American Partnership Program, BAP) have partnered to support a team participating in the iGEM (International Genetically Engineered Machine) competition, being held in Chiba, Japan, from Nov. 6 through Nov. 9. The American School of Brussels (ASB) was the first international school in Brussels, which is the only European headquarters of the United States Agency for International Development (USAID) and boasts the highest enrollment of American students outside the United States. The school offers a bilingual education program through its International High School, with instruction in American and the international curriculum. Earlier this month, 11 ASB teachers traveled to Philadelphia to participate in a 10-day training course sponsored by BAP. The course, titled "Enriching Global Learning Through Global Youth Engagement,
